Dear Mr. Hagemann:

Thank you very much for your letter dated yesterday. We are sorry that the Board of Regents did not receive our letter of November 16, 2005, and we apologize for assuming that you had not responded to it. For your information another copy of the letter is enclosed.

We are pleased and gratified, however, to hear that the board does give due consideration to communications from Wartburg faculty members. And we look forward to continuing our amicable relations with the Board of Regents.

Sincerely,
