The team visit from the Higher Learning Commission concluded today. I wish to thank everyone who attended meetings, interviewed with team members, and provided information throughout the three day visit. Your participation was well received by the members of the team and was instrumental in Wartburg receiving a recommendation for continuing accreditation for the next ten years.

It is the intent of the team to have a draft of their report and recommendations completed and mailed to me by January 1. At that time we will be able to correct the draft for errors in fact. Once the report is complete, there will be two more steps in the process, including a Reader's Panel and the Institutional Action review by the Higher Learning Commission. These steps will take between four and six months.

The full report of the team will include a variety of recommendations as well as commendations. Those recommendations and commendations will be shared with the Wartburg community when the report has been finalized and sent to the Reader's Panel. Again, thank you for your participation throughout the self-study and visit.
